CLIENT ELIGIBILITY

DETERMINING ELIGIBILITY

Local departments of social services determine eligibility. Refer inquiries from persons who wish to apply for State/Local Hospitalization (SLH) to the Department of Social Services (DSS) in the locality in which the applicant resides. DMAS will not pay providers for services, supplies, or equipment until eligibility has been determined. Clients are eligible for SLH benefits for 180 days. In some instances, clients may be recertified for an additional 180-day eligibility period, but this requires an additional application.

ELIGIBILITY CRITERIA

To be eligible for the SLH Program, an individual must:

- Be a bona fide resident of the locality in which he or she has applied;
- Have net countable income equal to or less than 100% of the Federal Poverty Income Guidelines (those localities that used higher income levels in fiscal year 1989 may continue to use those same income levels); and
- Have net countable resources equal to or less than the current resource standards of the Federal Supplemental Security Income Program.

ASSISTANCE TO PATIENTS POSSIBLY ELIGIBLE FOR STATE/LOCAL HOSPITALIZATION PROGRAM BENEFITS

If a patient is unable to pay for services rendered, the provider may refer the patient or the patient's representative to the local social services department for an application for SLH. DSS will notify the patient of eligibility or ineligibility. The SLH Program assumes no financial responsibility for services rendered prior to the effective date of the client's eligibility.

THIRD PARTY LIABILITY

Benefits available under SLH shall be reduced to the extent that they are available through other sources of payment.

Manual Title State/Local Hospitalization Program Manual	Chapter Client Eligibility	Page 2
Chapter Section Eligibility Information	Page Revision Date	

Health insurance benefits shall be used to the fullest extent in meeting the medical needs of the SLH client. Supplementation of available benefits shall be as follows:

- Workers' Compensation—No SLH payments shall be made for a patient covered by Workers' Compensation.
- Health Insurance—When a client has health insurance (such as CHAMPUS, Blue Cross/Blue Shield, or Medicare), SLH requires that these benefits be used first. Supplementation shall be made by SLH when necessary, but the combined total payment from all insurance shall not exceed the amount payable under SLH had there been no insurance coverage.
- Supreme Court—Temporary Detention Orders are funded by the Supreme Court of Virginia and administered by DMAS. SLH requires that these benefits be used first. Supplementation shall be made by SLH when necessary, but the combined total payment shall not exceed the amount payable under SLH had there been no insurance coverage.

See Exhibits II and III for insurance company and type of coverage codes.

AMOUNT, DURATION, AND SCOPE OF SERVICES COVERED

The amount, duration and scope of services identified as covered by the SLH Program shall be comparable to the amount, duration, and scope of the same services covered by the Medicaid Program.

STATE/LOCAL HOSPITALIZATION CLIENT NOTIFICATION FORM

The SLH Client Notification Form verifies eligibility. Individuals eligible for benefits of the SLH Program will not receive eligibility identification cards. Applicants for SLH will receive a "Client Notification" form (See Exhibits IA and IB). This form indicates the action that has been taken on the application for SLH once the local department of social services has determined eligibility. Once the local department of social services has determined eligibility, DSS sends a copy of this form to the medical provider who treated the applicant during the period for which SLH benefits are being sought.

STATE/LOCAL HOSPITALIZATION CLIENT WITHOUT A NOTIFICATION FORM

If an individual seeking SLH services does not have a current SLH Client Notification Form, the provider can call the local department of social services for verification of eligibility. The eligibility period for an SLH client is 180 days.

EXHIBIT I

EXPLANATION OF SLH CLIENT NOTIFICATION FORM

Item 1 Client Identification Information

This section identifies the client's name and address.

Item 2 Actions Taken on the State/Local Hospitalization Applications

This section notifies the applicant of the action taken on the SLH application.

Item 3 Information on Applicant Rights

This section informs the applicant of the client rights printed on the back of the notification form. (See Exhibit IB.)

Item 4 Case Worker Information

The case worker signs and enters his or her number in this section, along with the date of completion of the notification form.

Item 5 Enrollment Information

This section identifies the client's identification number, Social Security Number, and other information necessary for enrollment.

Item 6 Coverage Dates, Cancel Reason/Date, Application Date

Application for SLH must be made within 30 days of discharge from a hospital or within 30 days of the date of service. The coverage period cannot exceed 180 days. This section also includes the cancellation reason and cancellation date.

EXHIBIT I (continued)

Item 7 Third Party Information

The insurance section of the SLH Client Notification Form indicates what type of insurance coverage the applicant has in addition to SLH. This information includes the type of insurance, the company name, the policy number, and the begin and end date of insurance coverage. See Exhibits II and III in this chapter for the insurance company codes. These are the same insurance company codes used for the Virginia Medicaid Program.

Item 8 SLH Program Treatment Received

The SLH Program covers only the following services (with limitations):

- Acute inpatient hospital services;
- Acute outpatient hospital services;
- Ambulatory surgical services; and
- Public health clinic services.

This section indicates the type of SLH covered services received by the applicant and the number of days or number of visits.

YOUR RIGHTS UNDER THE STATE/LOCAL HOSPITALIZATION PROGRAM

The State/Local Hospitalization Program (SLH) is a state and locally funded program to assist individuals who are unable to pay for medical care. SLH will pay contracting providers only for acute inpatient hospital care, acute outpatient hospital care, ambulatory surgical services, and public health clinic services.

The purpose of this form is to tell you whether or not you have been found eligible for SLH. The form is also being sent to the medical provider you told us is treating you and to the Department of Medical Assistance Services so they will know whether you are eligible for SLH.

The state has limited funds in the SLH Program to pay for medical services for eligible persons. If you are informed that you are eligible for SLH, your bills will be paid only to the extent that there are funds available. When the money in the budget is used up, the SLH Program will not be able to pay your bill even if you are eligible.

If SLH pays your bill, the hospital or clinic may not bill you any more for the services. However, if your bill is not paid by the SLH Program, the hospital or clinic may bill you for the amount you owe.

If you are found ineligible or your bill is not paid, and you disagree with the action taken, you have the right to appeal to the Virginia Department of Medical Assistance Services, Appeals Division, 600 East Broad Street, Suite 1300, Richmond, Virginia 23219. You must appeal within 30 days of the receipt of this notice. Forms for making an appeal will be provided by the local social services department or by the Virginia Department of Medical Assistance Services.

INSURANCE INFORMATION SECTION

The Insurance Information Section of the SLH Client Notification Form indicates in more detail what type of insurance coverage the client has in addition to SLH. This information includes specific insurance companies, dates of coverage, policy numbers, and a code that specifies the particular type of coverage of the policy. These items are:

Carrier Code	A three-digit code indicating the name of the insurance carrier, 001 for Medicare. (See the Insurance Company Code List for these code numbers in Exhibit II.)
Dates	The first date on which this insurance policy was effective.
Type Code	An alpha character describing the type of coverage provided by the policy, such as a "T" for dental coverage. (See Exhibit III, Type of Coverage Code List, for these codes.)
Policy Number/ Medicare Code	The specific policy or Medicare number for the insurance identified by the Carrier Code.

Only insurance information for active policies during the period for which the client is certified as eligible for SLH will be listed. If there is no insurance, the insurance information portion of the form will be left blank. Otherwise, up to five different policies may be indicated for each client.

Workers' Compensation and other liability insurance (e.g., automobile liability insurance or home accident insurance) **are always considered as primary carriers** for cases where coverage is applicable to the injury being treated. Because the SLH Client Notification Form cannot indicate this coverage, it is necessary that cause-of-injury information be obtained from the patient.
